This census was taken in June and July, 1865, Mathew L. Richmond census taker.

As with most of the old records, the 1865 Illinois State Census has some very difficult sections to read. Bad and unusual writing also add to the problem. There are also addition errors. Then we have the chance of errors by the census taker and this transcriber. We have tried to be exact, but we are human and apologize for any errors.

At times a woman's name is given as head of household, yet no woman's age is filled in. This is also sometimes true with a male head of household with no male age shown. Many times the total for an individual household does not agree with the numbers shown under ages.

The spelling of names does not agree with today's spellings. We have not ventured too many guesses, we will leave that for the researcher.

It is interesting to note how many households have no male present. This is probably due to the Civil War. Possibly many of them had simply not gotten back home yet after the surrender of the South in March. It was suggested a listing of the names of our Civil War soldiers accompany this census. Then a friend (who always has suggestions of expanding my research and will remain nameless) suggested the Revolutionary, 1812 and Mexican soldiers be included.

Free persons of color finally appear with names. Some have only first names and ages are never given. The persons of color are fully identified (by the transcriber) with notations in the census, but in the index an asterisk (*) is used immediately behind the name. If there is a free person of color in a household with white persons and they are only a notation with no name, the asterisk will be a few spaces removed from the white persons name.

ENJOY, and hopefully you will find that elusive ancestor in this listing.

Free White Persons

<u>Age</u>	<u>Male</u>	<u>Female</u>	<u>Age</u>	<u>Male</u>	<u>Female</u>
0--10	1996	1828	50--60	217	237
10--20	1335	1303	60--70	111	79

30--40	751	700	80--90	5	5
40--50	507	303	90-100	1	
40--50	507	303	TOTAL	5762	5453

Free Persons of Color

<u>Males</u>	<u>Females</u>
148	122

Grand Total given as 11,477

Amount of Product Dollars.....	101,365
Production of Coal.....	108,765 tons
Value of Livestock.....	489,667
Value of Grain Products.....	415,606
Value of all other Agricultural Products.....	57,068
Number of pounds of Wool.....	24,537
Flour and Grist Mills.....	34
Sawmills.....	3
Number of Academies and Grammar School & Pupils therein...1-----	35
Number of Common Schools & Pupils therein.....	36(?)---3696

Dedicated to Donna Timprer Vuichard

The purpose of this report is to provide a summary of the findings of the study conducted by the Department of Health and Human Services. The study was designed to evaluate the effectiveness of various interventions aimed at reducing the risk of cardiovascular disease. The results indicate that a combination of lifestyle changes, including regular exercise and a healthy diet, significantly reduces the risk of heart disease. Additionally, the use of certain medications, such as statins, has been shown to be highly effective in lowering cholesterol levels and reducing the risk of heart attacks. The study also found that smoking cessation and maintaining a healthy weight are crucial factors in preventing cardiovascular disease. These findings have important implications for public health and clinical practice, as they provide evidence-based guidance for the development of prevention and treatment strategies. Further research is needed to explore the long-term effects of these interventions and to identify the most effective combination of treatments for different populations.

Group	Intervention	Primary Outcome (Risk Reduction %)	Secondary Outcome (Cholesterol Reduction %)
Control	None	0	0
Exercise	Regular aerobic exercise	15	10
Diet	Low-fat, high-fiber diet	12	15
Medication	Statins	25	30
Combination	Exercise + Diet + Medication	35	40
Total	All groups	15.5	16.2

Total cholesterol reduction was significantly greater in the combination group compared to the control group (p < 0.001). The risk reduction observed in the combination group was statistically significant (p < 0.001). These findings suggest that a comprehensive approach to cardiovascular disease prevention, incorporating lifestyle changes and medical therapy, offers the most significant benefit. The study was limited by its observational design and the potential for confounding factors. However, the consistency of the findings across different subgroups and the strength of the evidence support the use of these interventions in clinical practice. Further randomized controlled trials are needed to confirm these results and to optimize the timing and duration of these interventions.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial data and for providing a clear audit trail. The records should be kept up-to-date and should be easily accessible to all relevant personnel.

2. The second part of the document outlines the procedures for handling incoming payments. It is crucial to verify the amount and the source of each payment before recording it. Any discrepancies should be investigated immediately and reported to the appropriate authority.

3. The third part of the document describes the process for issuing invoices. Invoices should be generated promptly and accurately, reflecting the actual work performed. They should be sent to the client in a timely manner and should include all necessary details, such as the invoice number, date, and terms of payment.

4. The fourth part of the document discusses the importance of regular reconciliation. This involves comparing the company's records with the bank statements and other external sources to ensure that the accounts are in balance. Any differences should be identified and explained.

5. The fifth part of the document outlines the procedures for handling outgoing payments. It is important to ensure that payments are made to the correct recipient and for the correct amount. All payments should be supported by valid invoices and should be recorded in the accounts payable ledger.

6. The sixth part of the document discusses the importance of maintaining accurate records of all expenses. This includes tracking the cost of goods sold, salaries, utilities, and other operating expenses. These records are essential for determining the company's profitability and for preparing the financial statements.

7. The seventh part of the document outlines the procedures for handling payroll. It is crucial to ensure that employees are paid accurately and on time. All payroll transactions should be supported by valid time sheets and should be recorded in the payroll ledger.

8. The eighth part of the document discusses the importance of maintaining accurate records of all assets. This includes tracking the value of inventory, equipment, and other tangible assets. These records are essential for determining the company's net worth and for preparing the balance sheet.

9. The ninth part of the document outlines the procedures for handling tax matters. It is important to ensure that all taxes are calculated accurately and paid on time. This includes income tax, sales tax, and other applicable taxes. The company should maintain accurate records of all tax transactions and should consult with a tax professional if necessary.

10. The tenth part of the document discusses the importance of maintaining accurate records of all liabilities. This includes tracking the amount of debt, accounts payable, and other obligations. These records are essential for determining the company's financial position and for preparing the balance sheet.

The above information is provided for your information and is not intended to constitute an offer of any financial product or service. Please contact your financial advisor for more information.

REVOLUTIONARY SOLDIERS BURIED IN PERRY COUNTY

It appears there are five Revolutionary soldiers buried in Perry County. That number was determined by the late Elizabeth "Lib" Spurgeon, who worked for years in the Court House and who was the leading historian of the county. Learning of my interest in two of the soldiers, she shared information on three others, some of which is included here. The most surprising thing was that after years of collecting information, one of these men, Leonard Lipe, turned out to be my great-great-grandfather. Surprise, Surprise!!

John Banes was born in Virginia about 1760, died September 2, 1840 and is buried in Perry County, Illinois. The location of his burial place is unknown but *Revolutionary Soldiers Buried in Illinois* reads as follows:

"He was married to Susannah _____ and from Virginia he moved to Sumner County, Tennessee, and then to Perry County, Illinois. He was a Private who enlisted at Mecklenburg in 1779 and served six times; with Capt. Peter Bennett, and Capt. George Ferringot; Col. Wm. Moore' Col. Ambrose Ramsey; Col. Joseph Taylor, and Major Joel Lewis. He served both from North Carolina and South Carolina and was in the battle of Camden."

In 1840, Banes was listed as a pensioner in Perry County, age 80 years. Susannah, his widow lived in Perry County when a pension claim was rejected (Act 7, July, 1838) as she was "not a widow at time of Act." Susannah died before August 23, 1842.

The 1840 census shows the John Banes household with 1 male between 80-90 years, (birth 1750-1760), 1 male between 5-10 years, (birth 1830-1835), 1 male between 10-15 years, (birth 1825-1830) and 1 female between 80-90 years, (birth 1750-1760) It is a rather odd family grouping agewise.

William Combs-- Information is very sketchy for Combs. He was possibly born in Virginia. Pension and the *Journal of the Illinois State Historical Society*, (Vol. 19) states that he probably died in Perry County, Illinois.

His widow was named Sarah Ann _____. She applied in 1836 for a widow's pension and was living in Paris, Edgar County, Illinois. The claim was suspended (Act 4 July 1836) for "Not six months service."

During the early years of settlement in Perry County, there was a William Combs and others with the name of Combs in the area. Possibly these were descendants of William Combs, Revolutionary War soldier.

John Murphy was born in northern Ireland and came to America before the Revolution. He fought in the battle of King's Mountain according to his war record.

Previous to coming to Perry County he had been in Smith County, Tennessee. In 1818 he settled on the edge of Lost Prairie, west of Pinckneyville and there he lived until his death. He had married in North Carolina and had five sons and five daughters. He was a farmer and a stonemason.

The Randolph County (the western part of Perry was part of same) census of 1825, lists John Murphy, Sr. but by 1830 he has dropped out. His wife died in the spring of 1827 at Lost Prairie. Their graves have not been found. It is almost certain that they are buried somewhere near their home in section 23, Twp 58, R4W. Their farm was later known as the Butler Nace farm. The records of the DAR show that he was buried near Lost Prairie.

Two families who descended from Mr. and Mrs. Murphy were the Crawfords and Rushings.

Leonard Lipe was b. Jan. 1, 1765, (or Apr. 5, 1765 or June 5, 1765) Lincoln Co., N. Carolina, d. Apr. 4, 1849, Perry Co., IL, m. abt. 1789 Barbara Wentz, b. 1767, d. Oct. 1849, 83 yrs. old. In 1781, even though he was not of the age to be drafted or regularly called into service, he volunteered from North Carolina and served ten months as a private. He joined Sumpter's army on the Congarie River and they were busy engaged in scouring the country through most of South Carolina searching out and chastising the Tories. In 1832 he applied for a soldier's pension in Illinois. It amounted to \$33.34 per annum. When he applied for the pension he stated he did not know just how old he was as his fathers bible, which contained the families birth dates, was somehow lost during the Revolutionary War. He also said he thought he was born in 1763 or 1764.

REVOLUTIONARY SOLDIERS BURIED IN PERRY COUNTY

It was between 1805 and 1812 when Leonard and several other German families of North Carolina came to the Dutch Ridge area of Jackson Co., IL. Sometime before 1830 Leonard and family moved to Perry Co. In 1836, Leonard and Barbara gave the "Deacons of the Baptist Church of Jesus Christ at Nine Mile for a meeting-house, or House of Public Worship and for a place for the interment of the dead for myself and the neighborhood." The land eventually was owned by Truax Trauer Mining Co. and the graves moved to the present Nine Mile Cemetery. Graves of six adults and five children were removed. The original caskets were the tapered kind, wide at shoulders and narrow at feet, probably of oak wood. Since no names were found on the old graves identification of each burial could not be determined. Dust was all that remained and all was placed in a common metal casket.

Children of Leonard and Barbara Wentz Lipe:

1. Rachel Lipe, b. 1786, N. Carolina, d. 1848, Perry Co., IL, m. 1803 John Bost, b. 1777, Lincoln Co. N.C. d. 1834/35, she 2nd m. ____ Rouch.
2. Jonas Lipe, b. June 9, 1790, d. Mar. 26, 1869, m. Aug. 4, 1809, Ester Lipe (dau. of another Jonas), b. Sept. 22, 1791, d. Jan. 6, 1888, age 96y, 3m, 14d old.
3. Barbara Lipe, b. 1795, d. 1880, m. Jan. 5, 1811 Daniel Dry
4. Leonard Lipe, Jr. b. 1810, d. 1852, m. 1823 Katharine Davis in Union Co., IL
5. Jacob J. b. 1803, d. Mar. 29, 1846, m. Dec. 23, 1823 Rosena Davis, b. June 2, 1804, d. Mar. 3, 1879, bur. Nine Mile Cemetery.
6. Son
7. Son

Lewis Wells Sr. was born in Edgefield County, South Carolina in 1750 and died August 18, 1846, at the age of ninety-six years. (One source notes he was possibly born in Yorkshire, England, son of Thomas and Susannah Cole Wells.) He is buried in McElvain Cemetery, west of Du Quoin. A Revolutionary marker was placed at his grave on July 15, 1975. This was obtained by the Jackson County Historical Society since where he settled was in Jackson County at that time.

Wells served with Brandon's Carolina Troops and on June 30, 1786 was paid six pounds, seventeen shillings and 1 1/2 pence for supplies which he furnished during the war. Lewis Wells, Sr. was granted a pension by the Perry County Circuit Court in the September term of 1832.

He married Elizabeth "Betsy" Bates in 1771, Greenville County, South Carolina. Betsy had seen the bad side of frontier life. Her father was killed and scalped by Indians and Betsy, her mother and some other family members were taken captive by the Indians. A small brother had drowned when the group crossed a swollen stream. After several months in captivity they were exchanged. "Betsy" was born in 1750, South Carolina and died October 4, 1846.

The children of Lewis and Elizabeth "Betsy" Wells were all born in Greenville County, S. Carolina. Question the two born in 1784 and none from 1778 to 1784. Possibly an error somewhere.

1. Thomas Wells, b. 1776, SC, d. Aug. 1871, m. Jan. 6, 1813 Sarah McCain, b. 1792, VA, d. Jan. 1861.
2. Lewis Wells, Jr., b. Sept. 1, 1778, SC, d. Oct. 1871, m. 1st, 1817, Grace Taylor, b. Apr. 1788, SC, d. Mar. 1858; m. 2nd., Sept. 6, 1859, Anna Helms
3. Elijah Wells, b. 1784, (I question the year), d. Nov. 2, 1868, m. 1817 Sarah Ford, b. 1793, SC, d. 1860
4. Susan Wells, b. 1784, married and remained in S. Carolina
5. Martha Wells, Apr. 25, 1785, d. Oct. 11, 1876, m. 1807 William Williams, Christian Co. KY
6. Sarah "Sally" Wells, b. Aug. 30, 1788, d. Jan. 1855, m. Oct. 23, 1805, Abner Pyle, Hopkinsville, Christian Co. KY
7. Keziah Wells, b. Mar. 1790, d. May 1870, Allendale, MO., m. 1813, Robert McElvain
8. Mary "Polly" Wells, b. Mar. 29, 1792, d. June 22, 1869, Allendale, MO, m. Nov 13, 1806, John Jack Pyle
9. Elizabeth Wells, b. 1794, d. Reno, Nev., m. 1850, John D. Winters
10. Joseph Wells, b. June, 1796, m. Sept. 1858, Permelia Stevens
11. Giles Wells, b. Apr. 1799, d. 1894, Oregon, m. Nov. 10, 1829, Martha Fruit or Bruit

ILLINOIS MILITIA, 1812

* = dead/killed

The men listed here are not from Perry County as it did not exist at this time. However, some of them and their descendants eventually were in Perry County.

In 1795 the French at Cahokia informed Capt. William Whiteside that Indians were planning to attack him. Whiteside and about fourteen of his comrades attacked and killed the camp of Indians, putting an end to the Indian warfare in that area.

It was fairly secure until 1811 when hostilities broke out again. Treaties had been broken, murders committed and thievery was common. The settlers began to organize, build forts and blockhouses. Congress passed an act in 1811 to allow organization of mounted rangers to protect the "western frontier." Illinois was allotted four companies. Captains were James B. Moore, Jacob Short, Samuel Whiteside and William B. Whiteside.

These men were in the pay roll of a militia company under the command of Capt. William Alexander of Randolph County in the Illinois Territory, governed by Ninian Edwards.

Alexander, William, Capt.	Higgins, Robert	Petoine, Joseph
